PRESIDENTIAL INABILITY. This whote: as during the last, it probable that the question of presiden tial inability will be discussed in congress, as there has not been any determnation of the problem which pressed itself upon the country during the final ickness of President Garfield. The opinions of many eminent lawyers were or instance, belived that the term in. said Bacheller," &c. cluded physical and mental inability or public opinion should determine such inability. Judge Cooley believed that temporary inability was not intended, but such inability, as in the opinion of consuch inability, as in the opinion of consuch inability, as in the opinion of consuch inability. constituted inability and when determined by the vice president, as sole judge,

president. It certainly appears reasonable and proper that the determination file, as set out and sworn to by Macke in being a judical process, congress should his petition for habeas corpus, was this: lay down rules which may be promptly applied in case of the "inability" of President Arthur. Pre idential ina-

duties until the electoral college can be Lambert turther save in his affidavit:

There is no doubt but that the Hon. Wm. Morrison, as a Democratic presithe head of the procession. He is the author of a new political policy, which has been before mentioned in these columns, and which is attracting a new trial. The district court and the author of a new political policy, which has been before mentioned in a new trial. The district court and the author of a new political policy. a good deal of favorable comment among Democrats. It is yet too early to tell what will be the outcome of the Morriand make it the question between the great parties, expecting, on the one Sections that are Democratic, and to gain mal School) as a nuisance. issue, it may hope to gain votes in Illi-Wisconsin, Michigan and other western states. Morrison, in fact, under his policy, is of opinion that the Destates which have hitherto been regarded rumored that so great a Democratic light as Mr. Hewitt, of tarff bill which Mr. Morrison may present, and that he has given his assent to the new departure proposed by the

A CASE IN POINT. Topeka Daily State Journal:

While the railroads claim, and no court was about as slow as Macke in commission can, instances frequently arise which make it manifest that they

Dow r \$165; h 1 the wough rate per attorney, had F. P. Payne, Bacheller's Maryland to the banks of the Onto river. Ellis to Denyer, but this offer was re Macke swore on June 21st, 1883. Buck was opposed by the Penasylvanians who fused by the company. He according and Feighen, as they then said, were ly shipped the cattle to Kansas City, ready to begin the case. Macke's Denver man bought them there and had them shipped back through Ellis to miles for nothing, or six hundred miles hauling for the sake of landing cattle in This agreement, like all that have been Denver at \$25 a car less than their tariff | made in this city with the liquor inter-
